

Summit Vision and Purpose

CMCA is committed to hosting an annual Correctional Ministry Summit that offers training, inspiration, and networking opportunities to those working with offenders, former offenders, victims, and families. The purpose of each Summit is:

- To equip correctional ministry leaders, chaplains, corrections administrators, program managers, and community agency administrators to more effectively serve the incarcerated, formerly incarcerated, victims, and their families through specialized workshops, networking, and resources.
- To facilitate collaboration among organizations who serve those impacted by the criminal justice system.
- To encourage churches, faith-based, and community organizations to more effectively serve the incarcerated, formerly incarcerated, victims, and their families.
- To provide a venue for visioning, training, and leadership development for formerly incarcerated persons and victims.
- To enhance collaboration among the faith-based community, corrections administrators/program managers, and the formerly incarcerated to better serve the offender and victim population.

CMCA welcomes you to celebrate this year's Correctional Ministry Summit that will be held in Wheaton, IL. CMCA remains constant in its vision and purpose of the Summit and we pray that each year offers a new and fresh perspective for our attendees and builds them up in the work they are doing to fulfill the Great Commission.
